AMUSEMENTS

THE BROAD
Pictures only and the best to be had. This has always been Manager Schwegler's rule at the Broad theatre and next week's program is further proof of it. Monday, Lionel Barrymore in "The Devil's Garden." Tuesday, Zene Keefe in "The Red Foam." Wednesday, William Faversham in "The Sin That Was His." Thursday, Tom Mix, everybody's favorite, in "The Road Demon." Friday, House Peters in "The Great Redeemer," supported by an all-star cast. Saturday, Norma Talmadge in "Pathea." Plenty of good comedy with news and educational features that are always worth the price of admission in themselves. Always count on a full measure of enjoyment when you visit the Broad.

THE RIVERSIDE
A remarkable special feature will be shown at the Riverside theatre on Thursday and Friday of next week when James Oliver Curwood's picture of the great Northwest, "Isobel, or the Trail's End," will be seen. This picture takes its place at the top of the ladder in every way, and reaches a high mark in entertainment value. Its story is one of simplicity and at the same time it presents characters so real and so human that they demand attention throughout. So you don't want to miss "Isobel." Other fine features are "The Call of a Soul" on Monday. On Tuesday, Gloria Swanson in "Every Woman's Husband." Wednesday, Billy Mason in "It Might Happen to You." Saturday, "Alice Joyce in "The Vice of Fools," with matinee on Saturday. This is a good bill.

Nujol

For Constipation

THE poisons of constipation effect more distinctive and harmful changes in the body than perhaps any other cause. Keep your system free of these poisons by thorough, daily movements.

Nujol works on an entirely new principle. Without forcing or irritating, it softens the food waste. This enables the many tiny muscles in the intestines, contracting and expanding in their normal way, to squeeze the food waste along and out of the system.

It is absolutely harmless and pleasant to take. Try it.

Straw Hats

Bonar-Phelps occupy the same place in the Straw Hat field as Stetson for Felts. As a matter of fact the Bonar-Phelps line is the one featured in Stetson's Chestnut Street Retail Store, and by fashionable hatters in every large city. And like Stetson's they are sold in Penns Grove by this Store only.

The tendency is toward smaller shapes, with wider bands, but with an assortment larger than ever before we can easily meet the demands of the most conservative dresser.
